

EDEN NEWS

KEEPING KIDS HYDRATED

Here at Eden we are delighted to help local good causes, and when a request came in to help a local Sports Coaching event, we didn't hesitate to assist.

Students from Motherwell College, HND Sports Coaching course were required as part of their course to plan, promote and manage a sports event, for which they required the provision of bottled water. We kindly donated 500ml bottled water and big cups for their use. The Event took place on Thursday 25th October and was immediately deemed a huge success by teachers, staff and pupils. All pupils were kept thoroughly hydrated throughout the day by our generous supply of bottled water to the students.

The 6 students involved thanked Eden for our help, support and provision in local newspapers; the Bellshill Speaker and the Motherwell Times.

CASH FOR KIDS

In keeping with previous year's tradition, the staff at Eden Springs Blantyre branch raised money for Clyde I's Cash for Kids appeal. This year's appeal was called 'Strip for Scotland' and involved the staff dressing in Scotland tops, strips and t-shirts in support of their national team's qualifying game against Italy for Euro 2008.

The branch raised a total of £92.30 for the charity, which helps children in Scotland facing

financial, emotional and physical challenges, get the Christmas they deserve.
