

EDEN NEWS

Eden Rocks London

In the month of July, as the sun was splitting the sky, Eden Springs was on hand to hydrate the good people of London. For three days Eden set up home in Canary Wharf, Hyde Park, Paddington and Victoria Station and, with the help of our four lovely Eden girls, brought a smile to a hot and thirsty general public.

Not only did we give out loads of Eden water in our Eden promotional cups but we also gave everyone the opportunity to win a fabulous Eden Segway, just by filling out a competition form and returning it to one of our team. The three days were an amazing success and the Eden brand has made a massive leap forward in the London area. We will keep you updated on further Eden promotional days coming to a City near you.
